Junior Full-Stack Web Developer

📞 09677924819 @ johnallenguerra@gmail.com 🌐 <https://linne-portfolio.vercel.app/>
📍 0478, Purok 3, Brgy. San Isidro, San Pablo Laguna 4000

SUMMARY

Recent Information Technology graduate with practical experience in full-stack web development, database management, and system implementation. Experienced in developing web-based solutions, collaborating in team environments, and providing technical support. Committed to delivering quality solutions while continuously expanding technical knowledge and professional skills.

EXPERIENCE

Full-StackWebDeveloper Intern

Office of the Student Affairs and Services

- 📅 2026 📍 San Pablo City, Laguna
- Developed and deployed a full-stack document management system for the Office of the Student Affairs and Services, enabling staff to manage large volumes of student records across multiple office computers through a local network.
 - Built the user-side interface of the CIG Organization Management System, integrating it with the Admin and Super Admin modules developed collaboratively with teammates.
 - Encoded and maintained student records, ensuring the accuracy and organization of office documents.
 - Collaborated with office staff and fellow interns to gather system requirements, test features, and improve workflow efficiency.
 - Strengthened communication, teamwork, problem-solving, and confidence by working independently and collaborating on real-world projects.

Administrative Assistant (Cash-for-Work Program)

College of Business Administration and Management Dean's Office

- 📅 2025 📍 San Pablo City, Laguna
- Assisted the Dean's Office with daily administrative operations under the DSWD Cash-for-Work Program.
 - Organized, documented, and encoded student records and office documents while maintaining accuracy and confidentiality.
 - Supported the Dean's secretary by handling administrative tasks, preparing documents, and editing office materials.
 - Assisted students during peak enrollment periods by helping process requests for enrollment, diplomas, transcripts, and other academic documents.
 - Communicated professionally with students, faculty, and staff to provide information and ensure efficient office operations.
 - Strengthened organizational, communication, time management, and customer service skills by working in a fast-paced office environment.
